FINRA CAT Observations

- FINRA CAT observed file rejections due to missing Third-Party Relationships
 - Third-Party ID must be provided in the meta file for the third party to view transmitted data and initiate corrections to that data on behalf of the CAT Reporter/IMID.
 - CAT will reject files with a Third-Party populated if the Third-Party relationships are not yet established via the CAT Reporter Portal prior to file submission (Error Code 1124).
 - *routedOrderID* field is defined as Text (64) and must NOT include delimiters such as comma, pipe, double quote, @.
 - Technical Specification Clarification - Timestamps submitted in POSIX time or UNIX time must be submitted in UTC, not converted to Eastern Time. Timestamps submitted in STRING format must be in Eastern Time.
