CAT CAIS LTID Reporting Certification

- Will open on October 5th – giving Industry Members and their Reporting Agents over 6 months to certify prior to the CAIS LTID compliance deadline.
- The CAIS LTID test environment will be used for certification.
- Registration for CAIS LTID requires Reporters to indicate their approximate number of FDIDs that have associated LTIDs.
- For Reporting Agents, this should be the aggregate total of all FDIDs with associated LTIDs.
- Only Reporters and Reporting Agents that pass certification will be able to submit data into the Production environment.

CAIS LTID Certification Requirements

- Reporters must successfully submit FDIDs with LTIDs with an error rate of 10% or less.
- Reporters with fewer than 100 FDIDs with LTID associations should submit all of their FDIDs to be certified. Reporters with 100 or more FDIDs with LTIDs should submit at least 100 FDIDs to be certified.
- Reporting Agents should use the aggregate total of all FDIDs with associated LTIDs to determine their Certification level, however they should include at least one FDID from every CRD for which they report.
- Reporters that have no LTIDs to report should still complete the LTID Registration form in order to be able to quickly Certify and report if or when they have a reporting requirement in the future.
